# SCHOOL REPORT

1904

Another school year has closed, and it becomes the duty of the School Board to submit to the town a brief report of what has been accomplished in our schools during the year. We have during the past year held schools in seven different school houses, two terms each. We have discontinued the school in the Smith Division by making arrangements for the conveyance of the scholars to the Center Division. The scholars in the Fowler division, two in number, were conveyed to the Kempton Division for the spring term, but in the fall we were unable to make satisfactory arrangements for conveyance, so engaged Mrs. Edgar Fowler to teach the two little girls at her home for the same price which we could offer for conveyance.

By the appropriation of fifty dollars extra by the town this year we were enabled to hold twenty-three weeks in each of the seven divisions, a gain of two weeks over last year.

The roll of honor will compare favorably with that of previous years, and had it not been for the storm of November 14, many more names might have been added to the list. "Punctuality is a prime virtue anywhere," but in our schools it is essential to success. Pupils cannot learn or be instructed when absent. It has been

said that "one day's absence is two days lost, and one tardiness is half a day lost." If this be true you would be astonished at the amount of time lost to some of your children.

Parents should satisfy themselves by frequent visits to the school room, in regard to the progress made, rather than by listening to the complaints of their children. The teacher's position is a trying one. Sustain her then by your influence and hearty co-operation, and your schools will seldom prove failures.

In closing these brief remarks we would say that of all the privileges bequeathed us by the founders of our grand republic none is greater than the institution of common schools. They have nurtured us in our youth, and now it becomes us to sustain and cherish them.

Respectfully submitted,

NELSON H. MORGAN	}	School Board.

## Fire Insurance

### AND PIANOS

## New London, N. H.

Do you know what companies you  
are insured in?

In case of fire your policies  
are equivalent to a check on  
a bank. Better look your  
policies over and satisfy  
yourself that you have the  
strongest companies  
o b t a i n a b l e .

Your property represents money, and  
your mercantile credit is based on what you  
own. In ten minutes fire will wipe out the  
savings of years. Then look to your fire  
insurance policies.

Had you not better make sure NOW that  
you have a strong company?
